

Comments

You can submit a comment using the comment box, and your comment is displayed and saved for future display at that timestamp when anybody watches the video.

Currently, multiple comments are being displayed at the same timestamp.

Reactions

A user would click on the emoticons to submit a reaction at a specific time while watching the video. The reaction will show up when the video is played by other users at that specific time.

Comment Histogram

A histogram of all user comments is shown. This graph indicates popular parts of the video by showing where the most comments were made.
